# What is Free Play Zone?

We invite parents and children to play freely and creatively with paint, clay, and paper! There will be no guidance by instructors or staff, but there will be staff to support your activities when needed. We ask you to help with the clean-up after the event.

The Free Play Zone is a program designed to encourage children to be creative through arts and crafts, and to motivate them to "do things themselves" while having fun. While the program is held throughout the year, the session on Sunday, March 24, 2024 will be open specifically to parents and children of foreign nationality or native speakers of foreign languages.

Introduction video is available!

## What to wear & What to bring

## Notes for Adult Participants

- Adults are also welcome to join in the fun activities with their children.
- Always be with your child.
- Adults should wear shoes in case of emergency.
- The event may be cancelled, or its capacity or content may be changed depending on the infection.
- Photographs and videos taken on the day of the event may be posted on the Yokohama Civic Art Gallery Azamino's website and social media and publications.
